

Course Evaluation

What did you think were the aims of the course/activity?

Did the course/activity achieve its aims?

What part of the course/activity was particularly useful for you?

What part of the course/activity was least useful for you?

Was there anything we could have added that would have made it more useful?

Was there anything we could have left out of the course?

What comments do you have on the course leaders?

Any further comments can be written overleaf. Thanks for completing the form!
